NEW YORK CITY

Oct. 17th 1923.

My dear Bishop:

I have seen Dr. Gray today and he has so far heard nothing from the lawyers to whom he wrote concerning the resolution passed last week by the Council. He hopes to hear in a day or so. Of course nothing can be done until the lawyers have had their say. Dr. Gray has Mr. Kortebentel's address and will get in touch with you through him as soon as there is anything to communicate.

I did greatly enjoy my stay at Mountain Lakes and hope we are going to be able to renew our association at San Juan soon. I am greatly indebted to you and Mrs. Ferrando for a most enjoyable time. Hope you will now enjoy a well earned rest after the strenuous work of packing.

I am leaving tomorrow morning for Kent to see Robert. Have all my time pretty well occupied now until well into November.

With all best wishes and warm regards,
Love, Very sincerely + gratefully,
Chas. B. Collier
