my dear Bishop:

I hope you had a good trip and that you have found everything satisfactory with your friends. We had a pleasant visit in St. Croix returned on the 20th according to our schedule.

You have probably heard that all work has been stopped in Ponce on account of Mr. Stetin's illness. They say he cannot recover. We are doing nothing until we can secure a release and find another contractor.

I have heard nothing from Alejo and no word from you about it and not going to worry over it but would like to know where the matter stands. Hope to see him on my next visit to have a talk with him. It is doing some work at St. Mary the Virgin's for Dr. Locke.

Hope Mrs. Ferrando is feeling better and that the northern doctors will not find anything wrong. My family will go to Tennessee in July at this time looking forward to seeing you in July either before or after the Princeton conference. With best wishes and regards and hoping you will be at the Ponce home treated you well last January. Affectionately, Clara H. B.
Dear Bishop:

Miss Lovett informed you that the sanitary department has ordered proper cess pools dug for the sewerage from the main building at Quebrada station, and proper latrines for each native cottage on the place?

Will you please let me know what arrangements there are for the disposition of the sewerage of the house? Am going out at my first opportunity and will investigate. I will probably need your order to Don Antonio or to all the people for the construction of a palo thatched latrine for each house on the place. Will you let me hear from you about it please?

Regards to all. Very sincerely,

Chas. D. Colucci.
april 29th '25.

Dear Bishop:

Will you please do the district and me the favor of translating the enclosed leaflet of the Woman's Auxiliary into Spanish. They have sent it to me for approval and tell me if you will translate it, they will pay for its publication here. Be good enough to send it to me when translated and I will see to its publication and distribution.

Thanking you with all best wishes,

Very sincerely affectionately,

[Signature]
